

Hanover Rocks

Supplies

- *Rocks (smooth ones work best)
- *Acrylic paint
- *Brushes
- *Mod Podge Clear Gloss (this will help the paint stay resistant to wearing and weather)
- *Paint markers (add more detail)

Instructions

1. In pencil, draw what you want on the rock (before painting).
2. Use one word or more:
 - Unity
 - Peace
 - Be Kind
 - Acceptance
 - Love
 - Community
3. Place the rock in your neighborhood.
4. Labels: If you've ever found a painted rock outside, or seen a picture of one online, you've probably noticed a label on the rock as well.

A label is added to a rock after you paint it so that you can track every time that someone new finds it.

When someone finds your rock, they will take a picture of it and post it to Facebook, along with your personal label.
